1

Officient

HR today is about...

- War for talent
- Digitization
- HR analytics
- And more...

2

Officient

But...

AIN'T NOBODY GOT
TIME FOR THAT

3

Officient

Problem

Admin time > people time

- 🙄 HR data is scattered
- 🙄 Complex interfaces
- 🙄 Inefficient processes

4

Officient

Solution

Admin time < people time

Companies need an intuitive HR platform to manage employee data and recurring HR tasks.

5

Officient

Centralize

The screenshot shows a user profile for Gina Delcra with a photo and name. Below the profile, there are several HR metrics and charts, including a circular gauge chart and a list of data points.

6

Officient

Automate

The screenshot displays a text editor interface for an employment contract. It includes a header with 'Arbeitsvertragstext', a toolbar with various editing options, and a main text area with a scroll bar.

7

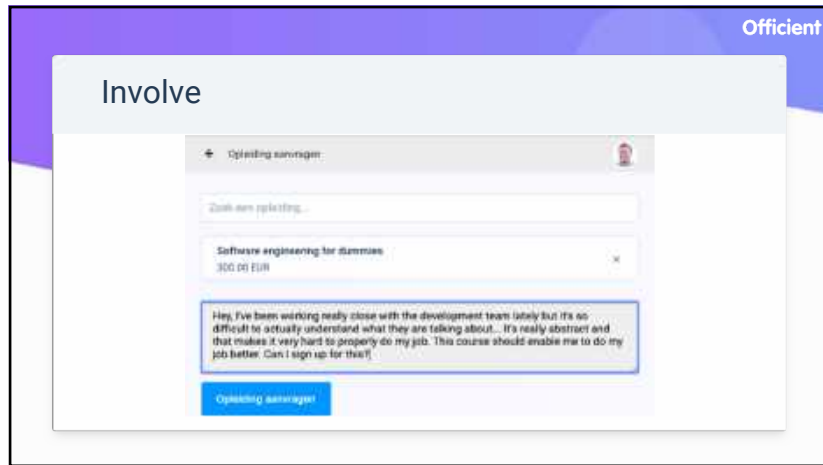

Officient

Visualize

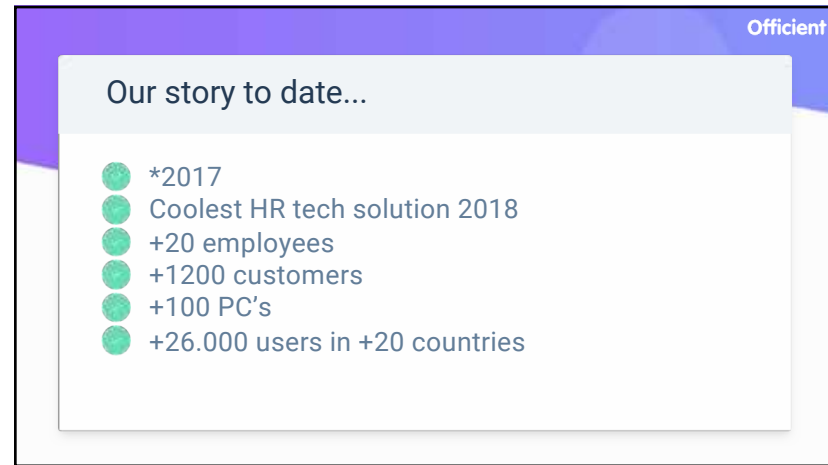

The screenshot shows a visualization of wages. It features a horizontal bar chart with four bars representing different categories. The categories are labeled with icons and names, and the bars are color-coded with a gradient from blue to green to yellow.
